- Country with 1+ locally led development initiative:
- Cooperative Development Program
- Local Works Program
- Locally Led Development Research
- Peace Corps/USAID Inter-Agency Agreements
- Unsolicited Solutions for Locally Led Development

All Locally Led Development Initiatives

Country	Albania
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Democracy, Human Rights, and Governance
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: civic education and democratic culture.

Country	Albania
Start Year	2023
Initiative	Local Works

Sector(s)	Agriculture; Economic Growth; Youth
Description	Through Local Works, USAID/Albania will strengthen local agricultural communities, businesses, and the local Lezhë government to provide proof of concept of a functioning locally-led market economy and create quality jobs and opportunities for youth.
Country	Angola
Start Year	2021
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	Education and Social Services
Description	In partnership with USAID, Ajuda de Desenvolvimento de Povo para Povo Angola (ADPP Angola) will strengthen municipal primary education systems, with a focus on rural and peri-urban schools. Through training school leadership on education management and developing and supporting implementation of Municipal Education Strategies responsive to local needs, the activity aims to increase the number of children attending and completing school and foster a culture of evaluation.
Country	Angola
Start Year	2023
Initiative	Local Works
Sector(s)	Other
Description	Through Local Works, USAID/Angola will invest in local multi-stakeholder networks to address road safety and traffic injury/death prevention.
Country	Armenia
Start Year	2017
Initiative	Local Works
Sector(s)	Democracy, Human Rights, and Governance; Humanitarian Assistance; Program Development
Description	USAID/Armenia is investing in increasing community leadership of the ongoing government decentralization process.
Country	Armenia
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Democracy, Human Rights, and Governance
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: civic education and democratic culture.

Country	Azerbaijan
Start Year	2018
Initiative	Local Works
Sector(s)	Economic Growth
Description	USAID/Azerbaijan is looking to strengthen partnerships with the government, civil society, and the private sector (focusing on business and professional associations) to achieve shared economic goals. In looking for creative ways to engage with these new partners, the Mission decided to host a Partnership Summit. The event featured networking opportunities for more than 160 attendees, laying the groundwork for future collaboration.

Country	Bangladesh
Start Year	2017
Initiative	Local Works
Sector(s)	Agriculture; Economic Growth
Description	USAID/Bangladesh, through the Local Works program in Cox's Bazar, is partnering with local actors and supporting communities impacted by the refugee influx to rehabilitate natural resources and promote alternative and sustainable livelihoods. This program will also strengthen local capacity to co-manage the natural resources.

Country	Bangladesh
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.

Country	Bangladesh
Start Year	2022
Initiative	Locally Led Development Research
Sector(s)	Conflict; Science, Technology, Innovation, and Research

Description	The Movement for Community-Led Development, The Hunger Project, World Vision, Relief International seek to create a better understanding of how and why locally led development leads to impact in fragile environments through research in Bangladesh and Ethiopia.
Country	Bangladesh
Start Year	2022
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research; Other
Description	Communities of Practice for Effective Partnerships (COPE), implemented by the Gerry Roxas Foundation in collaboration with LINC and Corporación ECOSS, will strengthen an international community of practice that supports the use of systems thinking in addressing local development challenges. Spanning across nine countries in Asia and Latin America, COPE will bring together diverse organizations to learn from and support each other.
Country	Belarus
Start Year	2018
Initiative	Local Works
Sector(s)	Economic Growth
Description	USAID/Belarus will strengthen locally led sustainable development by increasing the engagement of multiple actors – citizens, grassroots activists and private businesses. The program will aim to strengthen newly emerged indigenous foundations to provide full scale support services, facilitate partnering of different local actors, and promote private sector engagement in development initiatives.
Country	Belize
Start Year	2023
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Democracy, Human Rights, and Governance
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: local governance.
Country	Benin
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Health
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: cross-cutting health systems strengthening (maternal and child health); and cross-cutting health systems strengthening (malaria).

Country Benin

Start Year 2023

Initiative Local Works

Sector(s) Peace and Security

Description Through Local Works, USAID/Benin will focus on engaging local organizations to develop, research, implement, coordinate, monitor, and evaluate activities that strengthen northern Benin's community resilience to counter violent extremism.

Country Bosnia and Herzegovina

Start Year 2016

Initiative Local Works

Sector(s) Democracy, Human Rights, and Governance; Economic Growth

Description USAID/Bosnia and Herzegovina seeks to build local systems and autonomy, expand the Mission's partner base, and unlock locally developed solutions, innovations, and resources. Through Local Works, USAID will push for a legal environment that allows philanthropy to take hold, develop the management and organizational skills of local organizations, and build relationships between local and national organizations.

Country Bosnia and Herzegovina

Start Year 2017

Initiative Locally Led Development Research

Sector(s) Science, Technology, Innovation, and Research

Description Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.

Country Bosnia and Herzegovina

Start Year 2017

Initiative Locally Led Development Research

Sector(s) Science, Technology, Innovation, and Research

Description	Through the Facilitating Financial Stability (FFS) research initiative, LINC with Peace Direct and Foundation Center studied the factors that influence the financial sustainability of civil society organizations in different contexts - with the goal of increasing local ownership of development. FFS' topics included: resource mobilization through social enterprise; financial sustainability in non-permissive environments; and non-financial resources. Its applied research activities took place in Colombia, and the Democratic Republic of the Congo.
Country	Bosnia and Herzegovina
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Under Capacity 2.0, Root Change with Keystone Accountability tested alternative approaches for supporting, sustaining, and measuring locally-led development in Malawi. Capacity 2.0 also developed a platform for collecting constituent feedback and mapping system actors.
Country	Burkina Faso
Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and WOCCU are improving the capacity of a local credit union association's ability to extend financial services to smallholder farmers and agricultural cooperatives.
Country	Burkina Faso
Start Year	2023
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	
Description	In partnership with USAID, Nuru Burkina Faso is working to develop and reinforce the profitability and capacities of cooperatives and their leadership through a resilience-building model. The Tiligre Initiative for Farmers' Resilience will increase agricultural productivity and market access for smallholder farmer members of cooperatives for selected value chains, building social cohesion through economic growth and elevating local leadership.
Country	Burma
Start Year	2017
Initiative	Local Works
Sector(s)	Economic Growth; Health

Description	USAID/Burma is supporting local communities to address the causes and consequences of drug addiction. Ongoing conflict, poverty, drug trade, and lack of opportunities have led a generation of youth in Kachin state to seek escape through drugs. Local Works is bringing community-based organizations together to confront addiction in a holistic way, by using evidence-based treatment methods, increasing access to mental health services, and linking recovering drug addicts to income opportunities.
Country	Burma
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Education and Social Services
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: education systems.
Country	Burundi
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.
Country	Cambodia
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Education and Social Services; Health; Peace and Security
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: trafficking in persons, education systems, cross-cutting health systems strengthening (maternal and child health), and promotion of improved nutrition practices.
Country	Cambodia
Start Year	2022
Initiative	Locally Led Development Research

Sector(s)	Science, Technology, Innovation, and Research; Other
Description	Communities of Practice for Effective Partnerships (COPE), implemented by the Gerry Roxas Foundation in collaboration with LINC and Corporación ECOSS, will strengthen an international community of practice that supports the use of systems thinking in addressing local development challenges. Spanning across nine countries in Asia and Latin America, COPE will bring together diverse organizations to learn from and support each other.
Country	Cameroon
Start Year	2020
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Health
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: cross-cutting health systems strengthening (malaria).
Country	Cameroon
Start Year	2023
Initiative	Local Works
Sector(s)	Conflict; Democracy, Human Rights, and Governance
Description	Through Local Works, USAID/Cameroon will partner with local actors to address the long-term needs of crisis-affected populations in the Far North, Northwest, Southwest, and East regions.
Country	Colombia
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and Equal Exchange improved productivity and quality of cacao, as well as capitalization strategies of agricultural cooperatives.
Country	Colombia
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research

Description	Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.
Country	Colombia
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Through the Facilitating Financial Stability (FFS) research initiative, LINC with Peace Direct and Foundation Center studied the factors that influence the financial sustainability of civil society organizations in different contexts - with the goal of increasing local ownership of development. FFS' topics included: resource mobilization through social enterprise; financial sustainability in non-permissive environments; and non-financial resources. Its applied research activities took place in Colombia, and the Democratic Republic of the Congo.
Country	Colombia
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Education and Social Services; Program Development
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: victims of war, and program design and learning.
Country	Colombia
Start Year	2022
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research; Other
Description	Communities of Practice for Effective Partnerships (COPE), implemented by the Gerry Roxas Foundation in collaboration with LINC and Corporación ECOSS, will strengthen an international community of practice that supports the use of systems thinking in addressing local development challenges. Spanning across nine countries in Asia and Latin America, COPE will bring together diverse organizations to learn from and support each other.
Country	Costa Rica
Start Year	2023

Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Democracy, Human Rights, and Governance
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: local governance.
Country	Democratic Republic of the Congo
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.
Country	Democratic Republic of the Congo
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Through the Facilitating Financial Stability (FFS) research initiative, LINC with Peace Direct and Foundation Center studied the factors that influence the financial sustainability of civil society organizations in different contexts - with the goal of increasing local ownership of development. FFS' topics included: resource mobilization through social enterprise; financial sustainability in non-permissive environments; and non-financial resources. Its applied research activities took place in Colombia, and the Democratic Republic of the Congo.
Country	Dominican Republic
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and Equal Exchange improved productivity and quality of cacao, as well as capitalization strategies of agricultural cooperatives.
Country	Dominican Republic
Start Year	2017
Initiative	Local Works

Sector(s)	Economic Growth; Environment; Education and Social Services; Humanitarian Assistance; Water and Sanitation
Description	USAID/Dominican Republic is working to strengthen systems and networks to connect communities, local and national governments and other partners, to improve livelihoods along the Dominican/Haitian border through local engagement, cooperation, and building on community assets. Through Local Works, the Mission is also supporting humanitarian assistance and economic development support to COVID-19.
Country	Dominican Republic
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Education and Social Services
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: education systems.
Country	Dominican Republic
Start Year	2021
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping as Success+ conducts learning on and supports organizations going through responsible transitions from international to local leadership. The overall goal is to enable development partnerships to be more locally led, for transitions to be more effective and sustainable for the local actors involved, and for systems of development actors (local organizations, international partners, and USAID) and networks to be more responsive to the communities in which they work. CDA Collaborative Learning Projects, with Peace Direct and Search for Common Ground, build on their previous work under Stopping as Success.
Country	Ecuador
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and Equal Exchange improved productivity and quality of cacao, as well as capitalization strategies of agricultural cooperatives.
Country	Ecuador
Start Year	2020
Initiative	Cooperative Development Program
Sector(s)	Economic Growth

Description	USAID and NCBA CLUSA are assessing the country's cooperative law and regulation and making policy recommendations for a more favorable environment for cooperatives and credit unions.
Country	Ecuador
Start Year	2021
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Program Development
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: program design and learning.
Country	Ecuador
Start Year	2023
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	Democracy, Human Rights, and Governance; Other
Description	In partnership with USAID, Fundacion Raiz will strengthen the capacities of indigenous organizations in community risk management, and develop functional systems for risk preparedness and response. These efforts aim to strengthen indigenous peoples' resilience, the exercise of their rights, and their sustainable development.
Country	El Salvador
Start Year	2017
Initiative	Local Works
Sector(s)	Economic Growth; Youth
Description	USAID/El Salvador will partner with a local foundation, private sector companies, and government institutions to improve economic opportunities for the population of Soyapango, one of the country's most populated municipalities. Soyapango has a large youth population and some of the highest rates of violence in the country. Through Local Works, USAID/El Salvador will strengthen the capacity of local institutions to work together in generating solutions to these challenges. By improving economic opportunities in Soyapango, it is expected that local families will see an improvement in their living conditions, which in turn will improve the region's security and prevent illegal migration to the United States.
Country	Eswatini
Start Year	2023
Initiative	Local Works
Sector(s)	Youth

Description	Through Local Works, USAID/Eswatini will generate locally led processes to understand the needs of the country's growing youth population, whose engagement and leadership are critical to the nation's stability, prosperity, and growth.
Country	Ethiopia
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and ACDI VOCA supported capacity building of agricultural cooperatives and developed Cooperative Learning Centers.
Country	Ethiopia
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Economic Growth; Science, Technology, Innovation, and Research
Description	USAID and CCI supported the adoption of efficient IT interventions in local credit union associations.
Country	Ethiopia
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Economic Growth; Science, Technology, Innovation, and Research
Description	USAID and NRECA International developed geospatial mapping of energy and infrastructural grids to better inform local utility cooperatives on how to extend services to new communities across the country.
Country	Ethiopia
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Agriculture; Economic Growth; Education and Social Services; Health
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: education systems, agricultural sector capacity, and cross-cutting health systems strengthening (malaria).
Country	Ethiopia
Start Year	2022
Initiative	Locally Led Development Research

Sector(s)	Conflict; Science, Technology, Innovation, and Research
Description	The Movement for Community-Led Development, The Hunger Project, World Vision, Relief International seek to create a better understanding of how and why locally led development leads to impact in fragile environments through research in Bangladesh and Ethiopia.
Country	Fiji
Start Year	2020
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Climate Change; Education and Social Services; Humanitarian Assistance
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: capacity building, preparedness, and planning; climate-resilient practices; and education systems.
Country	Georgia
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.
Country	Georgia
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Democracy, Human Rights, and Governance
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: civic education and democratic culture.
Country	Ghana
Start Year	2017
Initiative	Local Works
Sector(s)	Economic Growth

Description	USAID/West Africa is investing in the development of locally-owned, self-reliant, and effective business associations in the region.
Country	Ghana
Start Year	2018
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Agriculture; Economic Growth; Health
Description	Global Agreement: USAID/Ghana and the US Peace Corps are collaborating to build capacity for resilient communities.
Country	Ghana
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Health; Water and Sanitation
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: cross-cutting health systems strengthening (water), promotion of improved nutrition practices, and cross-cutting health systems strengthening (malaria).
Country	Guatemala
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and NCBA CLUSA supported capacity building and market linkages of producer cooperatives.
Country	Guatemala
Start Year	2017
Initiative	Local Works
Sector(s)	Democracy, Human Rights, and Governance; Youth; Other
Description	USAID/Guatemala is working on Kem, Maya K'iche' word meaning weaving or networking. Kem, or Strengthening Engagement with Youth and Indigenous Peoples, is a three-year activity that will promote collaboration among indigenous and youth organizations to listen and construct dialogue between the Guatemalan government and indigenous authorities. USAID/Guatemala is working with youth and Indigenous Peoples to define their own development priorities by developing solutions and utilizing their own capacity, leadership, and resources to make those solutions a sustainable reality.

Country Guatemala

Start Year 2017

Initiative Locally Led Development Research

Sector(s) Science, Technology, Innovation, and Research

Description Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.

Country Guatemala

Start Year 2018

Initiative Cooperative Development Program

Sector(s) Agriculture; Economic Growth

Description USAID and WOCCU are improving the capacity of a local credit union association's ability to extend financial services to smallholder farmers and agricultural cooperatives.

Country Guatemala

Start Year 2018

Initiative Cooperative Development Program

Sector(s) Agriculture; Economic Growth; Gender; Youth

Description USAID and Equal Exchange are improving production and quality of coffee and improve capitalization strategies of agricultural cooperatives.

Country Guatemala

Start Year 2018

Initiative Cooperative Development Program

Sector(s) Agriculture; Economic Growth; Gender; Youth

Description USAID and NCBA CLUSA are improving capitalization strategies of agricultural cooperative associations and to conduct a cooperative legal and regulatory assessment.

Country Guatemala

Start Year 2019

Initiative Peace Corps/USAID Inter-Agency Agreements

Sector(s) Agriculture; Economic Growth; Education and Social Services; Health; Program Development

Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: agriculture, family planning and reproductive health, basic education, program design and learning, and maternal and child health.
Country	Guatemala
Start Year	2021
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and Frontier Cooperative are improving spice handling and processing by improving the capacity and practices of a local agricultural association.
Country	Guatemala
Start Year	2021
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping as Success+ conducts learning on and supports organizations going through responsible transitions from international to local leadership. The overall goal is to enable development partnerships to be more locally led, for transitions to be more effective and sustainable for the local actors involved, and for systems of development actors (local organizations, international partners, and USAID) and networks to be more responsive to the communities in which they work. CDA Collaborative Learning Projects, with Peace Direct and Search for Common Ground, build on their previous work under Stopping as Success.
Country	Guatemala
Start Year	2021
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	Economic Growth; Environment; Other
Description	In partnership with USAID, the Rainforest Foundation US will strengthen the regional structure of the Mesoamerican Alliance of Peoples and Forests (AMPB) in order to advance the priorities of indigenous peoples and local communities across Mesoamerica to reduce inequity, protect natural resources, and build strong foundations for post-pandemic economic reactivation.
Country	Guatemala
Start Year	2021
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	Education and Social Services

Description In partnership with USAID, FUNSEPA is working to create a national movement to generate awareness about how to safely operate schools and prevent the spread of COVID-19, so that children throughout the country can have a safe back-to-school experience.

Country Guatemala

Start Year 2022

Initiative Locally Led Development Research

Sector(s) Science, Technology, Innovation, and Research; Other

Description Communities of Practice for Effective Partnerships (COPE), implemented by the Gerry Roxas Foundation in collaboration with LINC and Corporación ECOSS, will strengthen an international community of practice that supports the use of systems thinking in addressing local development challenges. Spanning across nine countries in Asia and Latin America, COPE will bring together diverse organizations to learn from and support each other.

Country Guinea

Start Year 2019

Initiative Local Works

Sector(s) Agriculture; Economic Growth; Youth

Description USAID/Guinea will bring together a coalition of local actors to manage a training, apprenticeship, and grants program to support young entrepreneurs as they establish new businesses that will improve local food security.

Country Guinea

Start Year 2019

Initiative Peace Corps/USAID Inter-Agency Agreements

Sector(s) Agriculture; Economic Growth; Health

Description Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: agricultural sector capacity, cross-cutting health systems strengthening (family planning and reproductive health), cross-cutting health systems strengthening (malaria), and cross-cutting health systems strengthening (maternal and child health).

Country Guinea

Start Year 2021

Initiative Cooperative Development Program

Sector(s) Agriculture; Economic Growth; Gender; Youth

Description USAID and ACDI/VOCA are developing local cooperative capacity and resilience to strengthen inclusive market systems.

Country Guyana

Start Year 2019

Initiative Local Works

Sector(s) Democracy, Human Rights, and Governance

Description USAID/Eastern and Central Caribbean will work in Guyana to support improved citizen engagement in governance and community development. The Mission will work with local organizations, locally elected representatives and citizens to map the needs of vulnerable or underserved populations, identify resources, gaps and priorities for community development, and provide support to implement and monitor a citizen-driven agenda for development.

Country Guyana

Start Year 2019

Initiative Peace Corps/USAID Inter-Agency Agreements

Sector(s) Climate Change; Economic Growth; Education and Social Services

Description Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: education systems, and climate-resilient practices.

Country Guyana

Start Year 2021

Initiative Unsolicited Solutions for Locally Led Development

Sector(s) Agriculture; Economic Growth

Description In partnership with USAID, the Guyana Economic Development Fund (GEDF)'s "Economic Development Incubator and Accelerator Program" supports small and growing businesses in agricultural manufacturing to prepare them for business expansion.

Country Haiti

Start Year 2010

Initiative Cooperative Development Program

Sector(s) Economic Growth; Science, Technology, Innovation, and Research

Description USAID and NRECA International supported capacity building of a local rural electric cooperative and extended energy services to more communities.

Country Haiti

Start Year 2021

Initiative Unsolicited Solutions for Locally Led Development

Sector(s)	Economic Growth; Education and Social Services; Gender; Youth
Description	In partnership with USAID, Alfalit International will collaborate with Société Biblique Haitienne to advance the well-being, employability, economic growth, and civic engagement of Haitian youth and adults who live in marginalized communities. Activities will utilize integrated courses and curricula to improve basic education and work preparedness for more than 7,000 learners, 80% of whom will be women and girls.
Country	Honduras
Start Year	2017
Initiative	Local Works
Sector(s)	Economic Growth
Description	USAID/Honduras will be co-creating with the local private sector, civil society, and communities to increase economic opportunities in the solid waste management sector. These efforts aim to reduce solid waste in the environment and decrease the risk factors associated with violence in areas heavily affected by the COVID-19 pandemic and migration. Results will include the number of individuals with new or better jobs and the number of businesses benefiting from improved solid waste management.
Country	Honduras
Start Year	2023
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	
Description	USAID/Honduras is partnering with NC State University Wilson College of Textiles, Gaston College, Catawba Valley Community College, Shimmy, and the Universidad Tecnológica Centroamericana to strengthen the local education and training ecosystem for the textiles and apparel industry, expanding access to employment opportunities in a rapidly growing sector.
Country	India
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.
Country	India

Start Year	2019
Initiative	Local Works
Sector(s)	Democracy, Human Rights, and Governance; Environment; Health
Description	USAID/India's Local Works program is designed to help channel the emerging public outcry about air pollution and mobilize the network of local champions and organizations working on air quality into a cohesive, strategic, and action-oriented movement demanding change in target cities in India. Results will include increased public awareness of the health effects of poor air quality and more citizens working towards cleaner air.
Country	India
Start Year	2021
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and Frontier Cooperative are improving spice handling and processing by improving the capacity and practices of a local agricultural association.
Country	India
Start Year	2022
Initiative	Locally Led Development Research
Sector(s)	Program Development; Science, Technology, Innovation, and Research
Description	Indian Grameen Services is examining how donor roles affect locally led development in India to make future development programs more effective.
Country	Indonesia
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Education and Social Services
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: engaging tertiary institutions in workforce development.
Country	Kazakhstan
Start Year	2022
Initiative	Local Works
Sector(s)	Democracy, Human Rights, and Governance
Description	USAID will advance local self-governance in Kazakhstan by improving the efficacy of local government institutions and enhancing the role of citizens in local decision-making.

Country	Kazakhstan
Start Year	2022
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research; Other
Description	Communities of Practice for Effective Partnerships (COPE), implemented by the Gerry Roxas Foundation in collaboration with LINC and Corporación ECOSS, will strengthen an international community of practice that supports the use of systems thinking in addressing local development challenges. Spanning across nine countries in Asia and Latin America, COPE will bring together diverse organizations to learn from and support each other.
Country	Kazakhstan
Start Year	2022
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	Democracy, Human Rights, and Governance
Description	USAID/Central Asia is working with communities and human rights defenders to safely advocate for the full recognition and respect for the human rights of marginalized persons. USAID is supporting advocacy work of marginalized people, engaging them with international organizations and enhancing their capacities by providing training and coaching.
Country	Kenya
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and NCBA CLUSA supported capacity building and market linkages of producer cooperatives.
Country	Kenya
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and WOCCU tailored financial instruments for smallholder farmers and agricultural associations.
Country	Kenya
Start Year	2010
Initiative	Cooperative Development Program

Sector(s)	Economic Growth
Description	USAID and Global Communities are supporting capacity building of pre-cooperatives and to advocate on behalf of more enabling law and regulation at the county-level.
Country	Kenya
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.
Country	Kenya
Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	
Description	USAID and HealthPartners are building the capacity of local resource organization and cooperatives to improve service delivery and promote gender equity.
Country	Kenya
Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and WOCCU are improving the capacity of a local credit union association's ability to extend financial services to smallholder farmers and agricultural cooperatives.
Country	Kenya
Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth; Gender; Youth
Description	USAID and NCBA CLUSA are improving capitalization strategies of agricultural cooperative associations and to conduct a cooperative legal and regulatory assessment.

Country Kenya

Start Year 2018

Initiative Cooperative Development Program

Sector(s) Economic Growth

Description USAID and Global Communities are building the capacity of service cooperatives and to improve the adoption of the new cooperative law at the county-level.

Country Kenya

Start Year 2018

Initiative Local Works

Sector(s) Economic Growth; Environment; Youth

Description USAID/Kenya will support community conservancies to learn, adapt, and secure the investments and partnerships they need to grow and meet the needs of their communities while also supporting conservation of the local resources.

Country Kenya

Start Year 2021

Initiative Peace Corps/USAID Inter-Agency Agreements

Sector(s) Health; Program Development

Description Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: cross-cutting health systems strengthening (maternal and child health), and program design and learning.

Country Kenya

Start Year 2021

Initiative Unsolicited Solutions for Locally Led Development

Sector(s) Agriculture; Economic Growth

Description In partnership with USAID, Nuru Kenya is implementing the Sustainable Local Leadership for Kenya Project, designed to support smallholder farmer organizations to build thriving farmer-owned and led cooperative agribusinesses, fostering rural poverty reduction and building resilience in Migori and Homabay Counties.

Country Kenya

Start Year 2021

Initiative Unsolicited Solutions for Locally Led Development

Sector(s) Agriculture; Economic Growth; Gender; Youth

Description In partnership with USAID, World Renew will strengthen the capacity of local organization Anglican Development Services, Central Rift to foster sustainable food security and poverty reduction in the Solai Division of Nakuru Country, Kenya. Activities will target 3,000 smallholder farmers to support the utilization of Conservation Agriculture techniques to improve production, provide community-led mentoring and teaching, accelerate youth and women's participation, and improve market access to bolster economic security.

Country Kenya

Start Year 2022

Initiative Unsolicited Solutions for Locally Led Development

Sector(s) Education and Social Services; Gender; Youth

Description In partnership with USAID, Women's Global Education Project (WGEP) will strengthen education among early grade readers in Tharaka Nithi County, Kenya by offering reading support activities, clustered and distance learning opportunities, tutoring, and access to books and technology in a region where no libraries or digital resources exist.

Country Kenya

Start Year 2023

Initiative Unsolicited Solutions for Locally Led Development

Sector(s)

Description In partnership with USAID, Five Talents Kenya is working with local communities in the Tsavo Conservation Area to advance natural resource management and financial access, driving meaningful participation of local communities in natural resource management governance and strengthening innovative local community development trust groups for more inclusive financial services access.

Country Kosovo

Start Year 2018

Initiative Local Works

Sector(s) Democracy, Human Rights, and Governance; Economic Growth; Environment

Description USAID/Kosovo aims to bring together local communities and target stakeholders to work around a common initiative -- recycling. The Mission intends to co-design a solution for socio-economic cohesion with four targeted local stakeholder groups: youth; minority groups, including the Kosovo Roma, Egyptian and Ashkali, who often act as the informal recyclable material collectors; for-profit recyclable material processors; and local and national governments. This will provide an opportunity to test out strategies for collaboration among these different groups and to find locally led solutions to recycling.

Country Kosovo

Start Year 2019

Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Economic Growth
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: workforce readiness.
Country	Kyrgyz Republic
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Education and Social Services
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: education systems.
Country	Lebanon
Start Year	2021
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth; Gender

Sector(s)	Agriculture; Economic Growth; Gender; Youth
Description	USAID and NCBA CLUSA are improving capitalization strategies of agricultural cooperative associations and to conduct a cooperative legal and regulatory assessment.
Country	Madagascar
Start Year	2020
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Economic Growth; Environment; Health; Water and Sanitation
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: cross-cutting health systems strengthening (water), biodiversity, cross-cutting health systems strengthening (malaria), and promotion of improved nutrition practices.
Country	Malawi
Start Year	2015
Initiative	Local Works
Sector(s)	Agriculture; Democracy, Human Rights, and Governance; Economic Growth; Health; Youth
Description	USAID/Malawi is taking advantage of the Local Works opportunity by investing in breaking the cycle of donor dependency and low levels of local engagement in development decision-making by identifying ways to bring local priorities to the forefront, and starting the discussions on mobilising local resources for self-reliance and sustainability of the development efforts.
Country	Malawi
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Under Capacity 2.0, Root Change with Keystone Accountability tested alternative approaches for supporting, sustaining, and measuring locally-led development in Malawi. Capacity 2.0 also developed a platform for collecting constituent feedback and mapping system actors.
Country	Malawi
Start Year	2017
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	Agriculture; Democracy, Human Rights, and Governance; Economic Growth; Environment; Education and Social Services; Gender; Health; Water and Sanitation; Youth; Other

Description	In partnership with USAID, World Connect's "Investing in Locally-Led Development in Malawi" project supported locally led community development efforts through small grants, training, and technical support at the community level in Malawi.
Country	Malawi
Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth; Gender
Description	USAID and Venture37 are supporting the capacity and increase market linkages with horticulture and dairy cooperatives.
Country	Malawi
Start Year	2020
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Agriculture; Economic Growth; Education and Social Services; Health; Program Development; Water and Sanitation
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: cross-cutting health systems strengthening (maternal and child health), agricultural sector capacity, education systems, cross-cutting health systems strengthening (malaria), cross-cutting health systems strengthening (water), and program design and learning.
Country	Mexico
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Through the Facilitating Financial Stability (FFS) research initiative, LINC with Peace Direct and Foundation Center studied the factors that influence the financial sustainability of civil society organizations in different contexts - with the goal of increasing local ownership of development. FFS' topics included: resource mobilization through social enterprise; financial sustainability in non-permissive environments; and non-financial resources. Its applied research activities took place in Colombia, and the Democratic Republic of the Congo.
Country	Mexico
Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth; Gender; Youth

Description	USAID and Equal Exchange are improving production and quality of coffee and to improve environmental resilience and sustainability of agricultural cooperatives.
Country	Mexico
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Climate Change; Economic Growth
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: implementation of low emission development strategies, including sustainable landscapes and REDD+.
Country	Mexico
Start Year	2022
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research; Other
Description	Communities of Practice for Effective Partnerships (COPE), implemented by the Gerry Roxas Foundation in collaboration with LINC and Corporación ECOSS, will strengthen an international community of practice that supports the use of systems thinking in addressing local development challenges. Spanning across nine countries in Asia and Latin America, COPE will bring together diverse organizations to learn from and support each other.
Country	Mexico
Start Year	2023
Initiative	Local Works
Sector(s)	Crime; Democracy, Human Rights, and Governance
Description	Through Local Works, USAID/Mexico will collaborate with local civil society organizations to address key development challenges surrounding violence prevention; human rights; and transparency.
Country	Moldova
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Democracy, Human Rights, and Governance; Education and Social Services
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: civic education and democratic culture, and vulnerable children.
Country	Mongolia

Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth; Youth
Description	USAID and Global Communities are supporting capacity building of pre-cooperatives and agricultural cooperatives.
Country	Morocco
Start Year	2015
Initiative	Local Works
Sector(s)	Democracy, Human Rights, and Governance; Gender
Description	USAID/Morocco, in alignment with the Government of Morocco's efforts to increase civic participation, is supporting the development of civil society. Through Local Works, USAID is providing direct grants to five civil society organizations so they can strengthen their capacity and become intermediary support organizations. Intermediary support organizations develop the skills of the entire network and effectively engage with the government on behalf of citizens, including women, youth, and disabled populations.
Country	Morocco
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.
Country	Morocco
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Through the Local Systems Practice (LSP), LINC with ANSER, AVSI, Practical Action, University of Missouri, and University of Notre Dame enhanced locally led development by using systems-based tools and approaches to facilitate improved understanding of the complex systems within which local actors operate. LSP delivered a three-module systems training course for local development organizations from across Latin America and Asia. LSP also worked directly with three Local Works

Missions – North Macedonia, Morocco, and the Philippines – to co-create and pilot systems-based initiatives.

Country Morocco

Start Year 2019

Initiative Peace Corps/USAID Inter-Agency Agreements

Sector(s) Democracy, Human Rights, and Governance; Economic Growth; Education and Social Services; Program Development

Description Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: workforce development, local governance and decentralization, education systems, partnership development, and program design and learning.

Country Mozambique

Start Year 2010

Initiative Cooperative Development Program

Sector(s) Economic Growth

Description USAID and NCBA CLUSA advanced cooperative law and regulation and built the capacity of a local cooperative apex association.

Country Mozambique

Start Year 2019

Initiative Peace Corps/USAID Inter-Agency Agreements

Sector(s) Education and Social Services

Description Global Agreement: USAID/Mozambique and the US Peace Corps are collaborating to support community libraries.

Country Mozambique

Start Year 2020

Initiative Peace Corps/USAID Inter-Agency Agreements

Sector(s) Health

Description Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: cross-cutting health systems strengthening (malaria).

Country Mozambique

Start Year 2023

Initiative	Local Works
Sector(s)	Health; Youth
Description	Through Local Works, USAID/Mozambique will support the mental health of its struggling youth population by mitigating and addressing the impacts of childhood adverse events, which were identified by Mozambican youth as key determinants of their ability to access health and education services, as well as engage in work and other social environments.
Country	Nepal
Start Year	2018
Initiative	Local Works
Sector(s)	Economic Growth; Gender; Health; Other
Description	USAID/Nepal is focused on empowering marginalized and vulnerable communities facing high levels of risk to recover from various shocks and stresses. Taking advantage of Local Works' flexibility, the Mission will analyze available risk data, identify potential partner communities, and engage in a human-centered listening and collaborative design process to improve livelihoods and resilience. Lessons learned from this exciting process will inform Agency-wide practice on locally led approaches to empowering marginalized and vulnerable groups.
Country	Nepal
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Agriculture; Economic Growth; Education and Social Services
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: agricultural sector capacity, and education systems.
Country	Nicaragua
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and Genex supported capacity building and market linkages with agricultural cooperatives.
Country	Nigeria
Start Year	2021
Initiative	Cooperative Development Program
Sector(s)	Science, Technology, Innovation, and Research

Description	Stopping as Success+ conducts learning on and supports organizations going through responsible transitions from international to local leadership. The overall goal is to enable development partnerships to be more locally led, for transitions to be more effective and sustainable for the local actors involved, and for systems of development actors (local organizations, international partners, and USAID) and networks to be more responsive to the communities in which they work. CDA Collaborative Learning Projects, with Peace Direct and Search for Common Ground, build on their previous work under Stopping as Success.
Country	Nigeria
Start Year	2021
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	Agriculture; Economic Growth
Description	In partnership with USAID, Nuru Nigeria's "Building Sustainable Livelihoods in Nigeria" activity seeks to build household and community resilience through a community-driven agriculture program, enhancing local markets and reducing poverty in Adamawa State.
Country	North Macedonia
Start Year	2016
Initiative	Local Works
Sector(s)	Democracy, Human Rights, and Governance; Economic Growth; Water and Sanitation; Other
Description	USAID/North Macedonia is supporting local communities to establish sustainable systems and develop capacities to plan, finance and implement solutions to their own development challenges and priorities. Guided by the principles of local leadership and community ownership, USAID is facilitating partnerships and networks among local stakeholders to advance community-led development, strengthen relationships and collaboration among local actors, and enable the mobilization of resources for development purposes.
Country	North Macedonia
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Through the Local Systems Practice (LSP), LINC with ANSER, AVSI, Practical Action, University of Missouri, and University of Notre Dame enhanced locally led development by using systems-based tools and approaches to facilitate improved understanding of the complex systems within which local actors operate. LSP delivered a three-module systems training course for local development organizations from across Latin America and Asia. LSP also worked directly with three Local Works Missions – North Macedonia, Morocco, and the Philippines – to co-create and pilot systems-based initiatives.

Country	North Macedonia

Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth; Gender; Youth
Description	USAID and Genex are improving the capacity and increase market linkages of agricultural cooperatives.

Country	South Africa
Start Year	2019
Initiative	Local Works
Sector(s)	Economic Growth; Environment
Description	USAID/South Africa will facilitate improvements in collaborative planning, community engagement, local ownership, and trauma-informed approaches to deepen and sustain the impact of renewable energy independent power producers' investments in community socioeconomic and enterprise development in South Africa.

Country	South Africa
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Education and Social Services
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: education systems.

Country	South Africa
Start Year	2020
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth; Gender; Youth
Description	USAID and Genex are improving the capacity and increasing market linkages of dairy and beef cooperatives.

Country	South Africa
Start Year	2020
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	Economic Growth
Description	In partnership with USAID, the SA SME Fund seeks to stimulate innovation and growth in the South Africa economy through establishing a Venture Capital Fund of Funds to support small and medium enterprises.
Country	South Africa
Start Year	2023
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	
Description	USAID/Southern Africa in partnership with Natural Justice and the Indigenous Peoples of Africa Co-coordinating Committee (IPACC) is enabling an integrated, inclusive, and equitable future for Southern Africa's Indigenous Peoples by building and strengthening local partnerships; empowering locally driven development initiatives in the areas of land, governance and natural resources; as well as strengthening an inclusive, and coordinated plan of action which will address future challenges.
Country	Sri Lanka
Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth
Description	USAID and Frontier Cooperative are improving spice handling and processing by improving the capacity and practices of a local agricultural association.
Country	Sri Lanka
Start Year	2023
Initiative	Local Works
Sector(s)	Other
Description	Through Local Works, USAID/Sri Lanka and Maldives will co-create approaches to strengthen local capacity to resolve their priority development challenges, bolster social cohesion, and increase the resilience of vulnerable populations and at-risk groups.
Country	Sri Lanka
Start Year	2023
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Democracy, Human Rights, and Governance; Education and Social Services; Other

Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in civic education and culture.
Country	Syria
Start Year	2022
Initiative	Local Works
Sector(s)	Conflict; Economic Growth; Humanitarian Assistance; Peace and Security
Description	Through Local Works, USAID will partner directly with several local organizations in northwest Syria to increase community resilience by strengthening the capacity of local organizations to deliver critical services and collaborate with local actors on planning and resourcing community needs. In addition to direct awards to local organizations, the funding will support analysis of local organizations in northwest Syria and listening to local actors (including women and youth) before co-designing solutions.
Country	Tanzania
Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	Agriculture; Economic Growth; Gender; Youth
Description	USAID and NCBA CLUSA are improving capitalization strategies of agricultural cooperative associations and to conduct a cooperative legal and regulatory assessment.
Country	Tanzania
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Agriculture; Economic Growth; Education and Social Services; Health
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: agricultural sector capacity, cross-cutting health systems strengthening (malaria), and education systems.
Country	Thailand
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors'

awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.

Country	The Gambia
Start Year	2020
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Agriculture; Democracy, Human Rights, and Governance; Economic Growth
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: agricultural sector capacity, and civil society organizational capacity.
Country	Timor-Leste
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Stopping As Success examined how donors like USAID can effectively, responsibly, and sustainably support local actors to identify and act on their own development priorities and effectively navigate a transition from international to local ownership away from donor funding. Peace Direct, with Search for Common Ground and CDA Collaborative Learning Projects, studied responsible international non-governmental organization (INGO) exits in 13 countries. SAS seeks to raise INGOs' and donors' awareness of the multiple dynamics at play when ending a development program - and provide key lessons and tools to facilitate sustainable transitions to local ownership.
Country	Timor-Leste
Start Year	2018
Initiative	Local Works
Sector(s)	Youth
Description	USAID/Timor-Leste is conducting listening tours with youth across the country. The Local Works team, consisting of local staff, is partnering with government-led youth organizations to help identify their needs and priorities. Through the listening sessions, the Mission seeks to empower youth by providing them additional opportunities to drive the development and implementation of solutions for the most pressing socio-economic challenges they face. In response to the COVID-19 pandemic, the Mission is also working with local organizations to design short-term COVID-19 responsive activities to raise community awareness, particularly among youth.
Country	Timor-Leste
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements

Sector(s)	Economic Growth
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: private sector opportunity.
Country	Tonga
Start Year	2020
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Climate Change; Education and Social Services; Humanitarian Assistance
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: capacity building, preparedness, and planning; climate-resilient practices; and education systems.
Country	Turkmenistan
Start Year	2019
Initiative	Local Works
Sector(s)	Agriculture; Economic Growth
Description	USAID/Turkmenistan will work to improve its livestock sector by applying locally driven market-oriented, affordable solutions that will increase income for farmers, service providers, and entrepreneurs.
Country	Uganda
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Economic Growth
Description	USAID and NRECA International supported local utilities in extending affordable grid and non-grid energy services to additional communities.
Country	Uganda
Start Year	2010
Initiative	Cooperative Development Program
Sector(s)	Economic Growth; Gender; Health; Youth
Description	USAID and HealthPartners supported capacity building of rural health cooperatives and extended quality health services and affordable health insurance to local communities.
Country	Uganda
Start Year	2017

Initiative	Local Works
Sector(s)	Democracy, Human Rights, and Governance; Science, Technology, Innovation, and Research
Description	USAID/Uganda is supporting local leaders from state and non-state institutions to coordinate a regional approach to development through the Regional Coordination Initiative (RCI). RCI builds regional partnerships and links development and private sector actors to evidence through universities.
Country	Uganda
Start Year	2017
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research
Description	Through the Facilitating Financial Stability (FFS) research initiative, LINC with Peace Direct and Foundation Center studied the factors that influence the financial sustainability of civil society organizations in different contexts - with the goal of increasing local ownership of development. FFS' topics included: resource mobilization through social enterprise; financial sustainability in non-permissive environments; and non-financial resources. Its applied research activities took place in Colombia, and the Democratic Republic of the Congo.
Country	Uganda
Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	Economic Growth; Gender; Health; Youth
Description	USAID and HealthPartners are building the capacity of local resource organization and cooperatives to improve service delivery and promote gender equity in three communities.
Country	Uganda
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Health
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: cross-cutting health systems strengthening (malaria).
Country	Uganda
Start Year	2021
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Agriculture; Education and Social Services; Health

Description	Global Agreement: USAID/Uganda and the US Peace Corps are collaborating to build community capacity around food security, health, and education.
Country	Ukraine
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Democracy, Human Rights, and Governance
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: civic education and citizen participation.
Country	Ukraine
Start Year	2023
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	
Description	In partnership with USAID, the Community of Sant'Egidio is working to advance locally led support for vulnerable and marginalized communities in Ukraine. This initiative works to strengthen local civil society resilience to recover and respond to the impact of protracted humanitarian crises and conflict, supporting provision of essential social services and material items to vulnerable communities while strengthening local capacity to identify and respond to needs as they emerge.
Country	United States
Start Year	2018
Initiative	Cooperative Development Program
Sector(s)	Science, Technology, Innovation, and Research
Description	USAID and OCDC partner to develop rigorous research, evidence, and knowledge-based solutions for cooperative development, and share and disseminate learning, in order to advance efforts throughout the Cooperative Development Program.
Country	United States
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Humanitarian Assistance
Description	Global Agreement: USAID/Bureau for Humanitarian Assistance and the US Peace Corps are collaborating to build the capacity of Peace Corps Posts to strengthen the effectiveness of local interventions in disaster risk reduction.

Country	United States
Start Year	2020
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Economic Growth; Gender
Description	Global Agreement: USAID/IPI/Gender Equality and Women's Empowerment Hub and the US Peace Corps are collaborating to advance digital literacy for women's economic empowerment.
Country	United States
Start Year	2022
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research; Other
Description	Communities of Practice for Effective Partnerships (COPE), implemented by the Gerry Roxas Foundation in collaboration with LINC and Corporación ECOS, will strengthen an international community of practice that supports the use of systems thinking in addressing local development challenges. Spanning across nine countries in Asia and Latin America, COPE will bring together diverse organizations to learn from and support each other.
Country	Vanuatu
Start Year	2020
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Climate Change; Education and Social Services; Humanitarian Assistance
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: capacity building, preparedness, and planning; climate-resilient practices; and education systems.
Country	Vietnam
Start Year	2015
Initiative	Local Works
Sector(s)	Environment; Health; Science, Technology, Innovation, and Research; Water and Sanitation
Description	USAID/Vietnam, in collaboration with the Government of Vietnam, is helping to improve local organizations' ability to improve environmental health by reducing air and water pollution. The Local Works program serves as a model, in which local organizations and the private sector work together with the Government to address development priorities. This program aims to pilot approaches and methods to strengthen local systems and networks, testing the theory that increasingly capable networks of local actors can own and lead their own development.
Country	Vietnam

Start Year	2017
Initiative	Unsolicited Solutions for Locally Led Development
Sector(s)	Democracy, Human Rights, and Governance
Description	With the Foundations for Social Changes project, USAID worked to strengthen iSEE's foundation to more effectively promote human rights and lead a vibrant, diverse, proactive, and rights-based civil society in Vietnam.
Country	Vietnam
Start Year	2022
Initiative	Locally Led Development Research
Sector(s)	Science, Technology, Innovation, and Research; Other
Description	Communities of Practice for Effective Partnerships (COPE), implemented by the Gerry Roxas Foundation in collaboration with LINC and Corporación ECOSSE, will strengthen an international community of practice that supports the use of systems thinking in addressing local development challenges. Spanning across nine countries in Asia and Latin America, COPE will bring together diverse organizations to learn from and support each other.
Country	Zambia
Start Year	2019
Initiative	Peace Corps/USAID Inter-Agency Agreements
Sector(s)	Agriculture; Economic Growth; Education and Social Services; Health
Description	Small Project Assistance Program: USAID transferred funding to the US Peace Corps to support community led development activities in the following sectors: education systems, agricultural sector capacity, cross-cutting health systems strengthening (maternal and child health), and cross-cutting health systems strengthening (malaria).
Country	Zambia
Start Year	2021
Initiative	Cooperative Development Program
Sector(s)	Economic Growth
Description	USAID and NRECA International are increasing access to electricity in rural areas by developing thriving electric cooperative enterprises.
Country	Zambia
Start Year	2022
Initiative	Local Works

Sector(s)	Climate Change; Democracy, Human Rights, and Governance; Environment; Education and Social Services
Description	Through research partnerships with local universities, listening sessions, social analyses and local, participatory consultations, USAID/Zambia and Local Works will engage diverse actors to find local solutions to complex challenges related to land disputes and land management, charcoal extraction, and other issues.
Country	Zimbabwe
Start Year	2018
Initiative	Local Works
Sector(s)	Economic Growth; Youth
Description	USAID/Zimbabwe will co-create and test inclusive, locally driven solutions that address the challenges facing young people in meeting their socioeconomic needs and aspirations. The Local Works Zimbabwe Youth Program will create employment, increase incomes, and combat rising poverty and desperation among youth in Zimbabwe, through various youth-led local solutions.
